Body-Worn Camera Footage Release Delayed in August's Fatal Pursuit in Morningside

BALTIMORE, MD (September 7, 2023) – The Independent Investigations Division (IID) of the Office of the Attorney General today announced the delay of the release of the body-worn camera footage of the fatal police pursuit in Morningside on August 13, 2023.

The delay in the release of the footage is the result of the video editing process.

Per the IID protocols, “The IID will generally release body camera footage within 14 days of the incident. There may be situations where more than 14 days is necessary, including if investigators need more time to complete witness interviews, if there are technical delays caused by the need to redact the identities of civilian witnesses, or to allow family members to view the video before it is released to the public.”
