Re: Notification of a Data Security Incident

Dear Mr. Karberg:

We represent Appalachian Financial Corporation dba BCBank, Inc. (“BCBank”), headquartered at 27 Pike Street Philippi, West Virginia 26416, in connection with a recent incident that may have impacted the personal information of five (5) Maryland residents, and provide this notice on behalf of BCBank pursuant to MD. CODE ANN., COM. LAW § 14-3504(h). We will supplement this letter, if necessary, with any new significant facts discovered subsequent to its submission. While BCBank is notifying you of this incident, BCBank does not waive any rights or defenses relating to the incident or this notice, or the applicability of Maryland law on personal jurisdiction.

NATURE OF THE SECURITY INCIDENT

On or about October 26, 2021, BCBank discovered that spam emails were being sent out of an email account of one (1) BCBank employee. A subsequent third-party forensic investigation determined that an unauthorized party had temporarily gained access to that email account between October 24, 2021 and October 26, 2021. The investigation did not find evidence confirming that the unauthorized party actually viewed information in the account. Nevertheless, because there was authorized access to the email account, BCBank searched the account to determine if it contained any sensitive customer information that may have been accessible to the third party.

NOTICE TO MARYLAND RESIDENTS

On January 13, 2022, BCBank determined that five (5) Maryland resident’s information was contained in the relevant account. Specifically, the account contained the individuals’ names,

coupled with their Social Security numbers, dates of birth, bank/financial account numbers, and/or driver's license/state IDs. While BCBank is not aware of any fraud or identity theft to any individual as a result of this incident, BCBank notified individuals of the situation by letters mailed on March 3, 2022. For those individuals whose Social Security numbers or driver's license numbers were potentially impacted, the notification letter included an offer for twelve (12) months of complimentary credit monitoring and identity theft protection. Attached is a sample of the notification letter that was sent to the Maryland residents via first-class United States mail.

STEPS TAKEN RELATING TO THE INCIDENT

Upon learning of the incident, BCBank promptly contained the incident by securing the email account to prevent further access. It also engaged a forensic security firm through counsel to investigate and confirm the security of its email and computer systems. BCBank is undertaking efforts to reduce the risk of a similar incident occurring in the future, including implementing additional technical safeguards. Finally, as discussed above, BCBank is notifying the involved resident with an offer for one year of complimentary credit monitoring and identity theft protection.

Dear «Full_Name»:

RE: NOTICE OF DATA BREACH

BCBank values and respects the privacy of your information, which is why we are writing to advise you of a recent incident that may have involved some of your personal information. We have no reason to believe that your personal information has been misused for the purpose of committing fraud or identity theft. Nonetheless, we want to make you aware of the incident and provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

What Happened? On October 26, 2021, BCBank discovered suspicious activity in one (1) BCBank email account. Upon discovering the activity, we promptly secured the email account and began an internal investigation. We also engaged a forensic security firm to further investigate and confirm the security of our email and computer systems. This investigation determined that an unauthorized third party had temporarily gained access to the email account from October 24, 2021 to October 26, 2021.

What Information Was Involved? Because an unauthorized party temporarily had access to the email account, we reviewed the account's contents to determine if it contained any personal information. On January 13, 2022, based on that review, we determined that the account contained your name, together with your «Variable_Text». Our investigation did not find evidence confirming that the third party actually viewed this information.

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze can be placed without any charge and is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
