Re: Lumina Solar, Inc. – Data Breach Notification

Dear Attorney General Frosh:

The law firm of Steptoe & Johnson PLLC and I represent Lumina Solar, Inc. (“Lumina”). Pursuant to the Maryland Personal Information Protection Act (“PIPA”) Md. Code Ann. Comm. Law § 14-3504(h), I write to inform you of a data breach affecting the personally-identifiable information of eighty-five (85) Maryland residents.

In late April 2022, an unauthorized person was afforded access to computerized data that includes personal information belonging to certain current and former employees of Lumina, including the aforementioned Maryland residents. Specifically, there was an inadvertent email disclosure of 130 current and former employee W-2 forms. This information was an email attachment sent to a former employee who had sought a copy of their own W-2 form. The personal information at issue involves an individual’s first and last name, in combination with a Social Security number.

Upon discovering the incident, as part of its good-faith, reasonable and prompt investigation, Lumina engaged counsel, which contacted the former employee who had received the email with the attachment of the W-2 forms. That former employee advised that the email attachment had been deleted, that no improper use was made of any personal information not belonging to that former employee, and that the “trash” folder of their email account also had been deleted to ensure complete deletion of the personal information at issue.

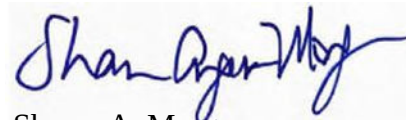

While Lumina believes that the information has not been and is not likely to be misused, because the investigation determined that the information had been compromised, Lumina seeks to provide notice to the affected Maryland residents in compliance with applicable law. Lumina is providing written notice of the data breach to all affected Maryland residents. A template copy of that notice is attached to this letter.

May 12, 2022
Office of the Maryland Attorney General

Further, Lumina is offering credit monitoring or identity theft restoration services through LifeLock at no charge to the affected individuals. Lumina has also made available toll-free phone numbers, addresses, and websites for the Federal Trade Commission (“FTC”), the Office of the Maryland Attorney General, and each of the three credit reporting agencies, allowing the affected individuals to obtain additional information and assistance.

Should you have any questions or require additional information, please do not hesitate to contact me.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Shawn A. Morgan", is written over a light gray rectangular background.

Shawn A. Morgan

Enclosure: Maryland Resident Affected Individual Notification Letter

**NOTIFICATION LETTER FOR AFFECTED INDIVIDUALS WHO ARE
MARYLAND RESIDENTS**

Put form letter below on Company letterhead and date the letter. The letter must include the business address and telephone number of the sender of the letter.

Re: NOTICE OF DATA BREACH

We are contacting you about a data breach that has occurred at Lumina Solar, Inc. (“Lumina” or “the Company”).

What Happened?

In April 2022, an unauthorized person was afforded access to computerized data that includes personal information belonging to you. Specifically, as the Company previously advised you informally, there was an inadvertent email disclosure of multiple current and former employee W-2 forms. This information was an email attachment sent to a former employee who had sought a copy of their own W-2 form.

What Information Was Involved?

This incident involved your W-2 and the categories of personal information that were, or are reasonably believed to have been, acquired are those found in a W-2: An individual’s name, combined with a Social Security Number or state ID number. However, information that is made available to the general public from federal, State, or local government records is excluded from the definition of “personal information” under Maryland law.

What We Are Doing

While Lumina believes that the risk of actual disclosure of your personal information is very low and believes that the risk of improper use of your personal information is minimal, potential damage could occur if the information is misused. For this reason, the Company is responding to the data breach and taking actions to protect your personal information.

Actions taken to remedy the situation: Lumina contacted the former employee who received the email. That former employee advised that the email attachment was deleted, that no improper use was made of any personal information not belonging to

that employee, and that the “trash” folder of their email account has been deleted to ensure complete deletion of the personal information at issue.

Steps taken to protect you: Lumina is offering credit monitoring or identity theft restoration services through LifeLock at no charge to you for a period of _____.

What You Can Do

The Federal Trade Commission (“FTC”) recommends that you place a free fraud alert on your credit file. A fraud alert tells creditors to contact you before they open any new accounts or change your existing accounts. Contact any one of the three major credit bureaus. As soon as one credit Bureau confirms your fraud alert, the others are notified to place fraud alerts. The initial fraud alert stays on your credit report for one year. You can renew it after one year.

Equifax: 1-800-685-1111 or
<http://equifax.com/personal/education/identity-theft/>

Experian: 1-888-397-3742 or
<https://www.experian.com/fraud/center.html>

TransUnion: 1-888-908-8872 or
<https://www.transunion.com/fraud-victim-resources>

Ask each credit bureau to send you a free credit report after it places a fraud alert on your file. Review your credit reports for accounts and inquiries you do not recognize. These can be signs of identity theft. If your personal information has been misused, visit the FTC site at <http://IdentityTheft.gov> to report the identity theft and get recovery steps. Even if you do not find any suspicious activity on your initial credit reports, the FTC recommends that you check your credit reports periodically so you can spot problems and address them quickly.

You may also want to consider placing a free credit freeze. A credit freeze means potential creditors cannot get your credit report. That makes it less

likely that an identity thief can open new accounts in your name. To place a freeze, contact each of the major credit bureaus at the links or phone numbers above. A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it.

We have attached information from the FTC's website <http://identitytheft.gov/databreach>, about steps you can take to help protect yourself from identity theft the steps are based on the types of information exposed in this breach.

If you have additional questions, you can obtain information from these sources about steps to take to avoid identity theft:

The Federal Trade Commission
600 Pennsylvania Avenue, NW
Washington, DC 20580
877-FTC-HELP (382-4357) or (202) 326-2222
<https://www.ftc.gov/>

For More Information

You may enroll in by LifeLock at no cost to you by contacting _____. Lumina will share additional information or updates via letter to affected individuals.

The privacy of your personal information remains Lumina's top priority, and we regret any worry or inconvenience this situation has caused. We have changed how this personal information is maintained in our computer system to prevent an error like this from recurring. We are grateful for your understanding as we resolved this matter.
