Re: Notice of Data Event

Dear Sir or Madam:

We represent ADM Associates, Inc. ("ADM") located at 3239 Ramos Circle, Sacramento, CA 95827 and are writing to notify your office of an incident that may affect the security of certain personal information relating to thirteen (13) Maryland residents. By providing this notice, ADM does not waive any rights or defenses regarding the applicability of Maryland law, the applicability of the Maryland data event notification statute, or personal jurisdiction.

Nature of the Data Event

On September 13, 2021, ADM detected a cyber event impacting their internal systems. Once ADM became aware of the event, they immediately moved to investigate the issue. ADM conducted an investigation with the assistance of third-party specialists and determined certain information in their system may have been accessed and/or acquired by an unauthorized person between August 25, 2021 and September 15, 2021. ADM notified its business partners of this event.

Information pertaining to two individuals was discovered to be subject to unauthorized access in November 2021. Notice and credit monitoring was provided to those two individuals the same month, while further review continued.

ADM provided preliminary notice of this event and credit monitoring to their employees in December 2021 upon reasonable suspicion that their personal information may have been subject to unauthorized access, while the investigation continued.

Upon conclusion of the investigation, ADM undertook a detailed review of the information that may have been subject to unauthorized access in order to determine what, if any, sensitive information was contained therein.

The information that could have been subject to unauthorized access includes name, and Social Security number.

Notice to Maryland Residents

On or about June 15, 2022, ADM provided written notice of this incident to thirteen (13) Maryland residents. Written notice is being provided in substantially the same form as the letter attached here as ***Exhibit A***.

Other Steps Taken and To Be Taken

Upon discovering the event, ADM moved quickly to investigate and respond to the incident, assess the security of ADM systems, and identify potentially affected individuals. Further, ADM notified federal law enforcement regarding the event. ADM is also working to implement additional safeguards and training to its employees. ADM is providing access to credit monitoring services for twelve (12) months, through Kroll, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, ADM is providing impacted individuals with guidance on how to better protect against identity theft and fraud. ADM is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. ADM is providing written notice of this incident to relevant state regulators, as necessary.

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari, and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

- Full name (including middle initial as well as Jr., Sr., II, III, etc.);
- Social Security number;

- Date of birth;
- Addresses for the prior two to five years;
- Proof of current address, such as a current utility bill or telephone bill;
- A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
- A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
