Office of the Attorney General
Attn: Security Breach Notification
200 St. Paul Place
Baltimore, MD 21202

Dear Office of the Attorney General,

Pursuant to the Personal Information Protection Act, Md. Code Ann Comm. Law 14-3504, and on behalf of Huntington Ingalls Industries, Inc. (“HII”), Crowell & Moring LLP writes to report a data incident impacting residents of your state. Specifically, this incident involves current and former HII employees. Details of the incident are included below.

In April 22, 2022, HII cybersecurity team was alerted about a suspected intrusion into HII’s environment (two servers located on the network). HII immediately acted to stop any unauthorized access. HII also retained a forensic investigator to assist in conducting a thorough investigation in order to determine the nature and extent of this incident. The forensic investigator determined that between March 2022 and May 2022, an unknown, unauthorized party who is not associated with HII, engaged in an unauthorized activity involving HII storage systems. Suspicious scripts were discovered on one of the servers that appeared to be used for credential harvesting. Further investigations uncovered that the unauthorized party may have accessed files that contained the personal information of residents of your state.

Upon discovering the incident, HII quickly initiated measures to reinforce the security of its systems, including taking steps to secure the affected systems, such as security improvements, remediation plans and password resets.

The impacted personal information included certain individuals’ name, social security number, phone number, date of birth, and place of birth. HII was unable to determine with certainty all of the information that the unauthorized party may have accessed. Although the investigation is not yet complete, we have identified one resident from your state whose personal information has been impacted by the incident. In the event that we discover that additional residents of your state have been impacted, we will notify you accordingly.

While we have no reason to believe that this information has been misused, we are notifying the affected individuals pursuant to your state’s breach notification law, using the notification letter provided herein. In addition to notifying the impacted individuals, and in order to protect any affected individuals, we have retained Experian, on behalf of HII, to provide impacted individuals with a complimentary 12-month membership to Experian’s IdentityWorks identity monitoring service.

HII takes very seriously their responsibility to protect the privacy of all employee information. HII is working diligently to ensure that the affected employees or former employees in this

situation are adequately protected, and are taking additional steps to strengthen further their ability to prevent this type of incident from happening in the future. Please let us know if you have any additional questions or need any further information. You can reach me directly at ewolff@crowell.com or 1-202-624-2615.

Sincerely,

Evan D. Wolff, Esq.

Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.

(“HII”), Crowell & Moring LLP (“Crowell”) writes to supplement its previous report regarding data incident impacting residents of your state. HII engaged in a comprehensive review and analysis of the information involved in this intrusion and the impacted individuals, an extensive process that took place over a number of months and was completed in April 2023. In addition, there is slight possibility that other personal information may have been accessed, such as state identification, tax identification number (TIN), personal identification number (PIN), military identification, state identification, passport number, financial account information, routing number, health insurance, and/or medical information.

While HII still has no reason to believe that this information has been misused, it is notifying the additional individuals on April 18, 2023 pursuant to your state’s breach notification law, using the notification letter provided herein. In addition to notifying the impacted individuals, and in order to protect any affected individuals, Crowell has retained Experian on behalf of HII to provide impacted individuals with a complimentary 12-month membership to Experian’s IdentityWorks identity monitoring service.
