Re: Notice of Data Event

Dear Sir or Madam:

We represent Mission to the World (PCA), Inc. ("MTW") located at 1600 North Brown Rd., Lawrenceville, GA 30043, and are writing to notify your office of an incident that may affect the security of certain personal information relating to five (5) Maryland residents. This notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, MTW does not waive any rights or defenses regarding the applicability of Maryland law, the applicability of the Maryland data event notification statute, or personal jurisdiction.

Nature of the Data Event

On July 27, 2022, MTW was notified that one of its information technology vendors, WMTek, experienced a data privacy event that involved suspicious activity spreading from WMTek to the MTW network. MTW took quick action to secure its environment and began an investigation, with the assistance of third-party forensic specialists, to determine the nature and scope of the activity and what, if any, MTW data may have been impacted. The investigation determined that an unauthorized actor gained access to the MTW network between June 9, 2022, and July 11, 2022, and accessed and/or removed certain files from the systems. MTW conducted a comprehensive review of the involved systems to determine the information potentially affected. On or about October 2, 2022, MTW confirmed that personal information relating to residents of Maryland was impacted.

The personal information that could have been subject to unauthorized access includes name, Social Security number, date of birth, medical information, and financial account information.

Notice to Maryland Residents

On or about September 15, 2022, MTW began providing written notice of this incident to impacted individuals. On or about October 2, 2022, MTW confirmed that five (5) Maryland residents were impacted by this event and proceeded to notify these individuals on or about October 17, 2022. Written notice is being provided to all affected individuals in substantially the same form as the letter attached here as ***Exhibit A***.

Other Steps Taken and To Be Taken

Upon discovering the event, MTW moved quickly to investigate and respond to the incident, assess the security of MTW systems, and identify potentially affected individuals. Further, MTW notified federal law enforcement regarding the event. MTW is also working to implement additional safeguards and training to its employees. MTW is providing access to credit monitoring services for twelve (12) months, through Experian, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, MTW is providing impacted individuals with guidance on how to better protect against identity theft and fraud. MTW is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

MTW is providing written notice of this incident to relevant state regulators, as necessary, and to the three major credit reporting agencies, Equifax, Experian, and TransUnion.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus: Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
