Re: Security Incident Notification

Dear Attorney General Frosh:

We are writing on behalf of Swissport North America, Inc. ("Swissport") pursuant to Md. Code Ann., Com. Law § 14-3504, regarding an incident involving 13 Maryland residents.

On February 3, 2022, Swissport detected suspicious activity that resulted in the encryption of several Swissport networks and servers (the "Incident"). The internal security team worked diligently to quickly take affected servers offline, reset account credentials, and deploy additional network monitoring solutions. Upon discovery, Swissport immediately launched a comprehensive investigation with the assistance of cybersecurity experts and engaged appropriate law enforcement authorities.

Swissport's in-depth investigation of the Incident determined that an unauthorized user gained access to certain systems between February 1 through February 3, 2022, that resulted in the encryption of several Swissport networks and servers. With the assistance of cybersecurity experts and out of an abundance of caution, affected servers were immediately taken offline and analyzed. Swissport worked diligently to recover and restore the impacted data accessed by the unauthorized user so it could analyze its contents and identify any affected individuals. During Swissport's comprehensive investigation of the Incident, Swissport identified impacted data originating from three Swissport employee email accounts. On August 26, 2022, the results of the final data mining report were made available and revealed that individuals in Maryland were impacted.

The information affected varies by individual but includes one or more of the following types of personal information: Name, Social Security Number, Driver's License Number, Passport Number, financial account/payment card account number, and medical or health insurance information. The notification letter sent to impacted Maryland residents will identify the specific data elements impacted for each individual receiving notice.

The monitoring and security systems Swissport had in place enabled it to quickly identify and respond to the Incident. Since this Incident, Swissport has implemented additional security technologies and processes to bolster overall security and harden Internet-facing systems, strengthen its multi-factor authentication process, enhance email security, and block suspicious Internet traffic. Swissport continues to monitor the Internet for potential misuses of Maryland residents' data, and there is no indication to suggest the impacted data is being misused. Swissport has also engaged and continues to work with law enforcement agencies on their investigation of this Incident.

On September 29, 2022, Swissport will mail notice to the affected Maryland residents, offering a 12-month subscription for credit monitoring and identity protection through Experian IdentityWorks. Affected residents may enroll in the services at no cost by using a promotional code and instructions provided to them in the notification letter.

A sample notification letter is enclosed.

Should you have any questions regarding this matter or if we can be of any further assistance to the Maryland residents affected by this incident, please contact me at (619) 699-2795 or Justine.Phillips@us.dlapiper.com.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Justine Phillips".

Notice of Data Breach

Dear Sample A. Sample:

Swissport North America, Inc. ("Swissport") is writing to inform you of an event that may impact the privacy of some of your personal information. While we are unaware of any attempted or actual misuse of your information, we are providing you with information about the event, our response, and information related to what you may do to better protect your information, should you feel it necessary to do so. Swissport takes this incident and the security of your personal information very seriously and we sincerely regret any inconvenience this incident may cause.

What Happened? On February 3, 2022, Swissport became aware of suspicious activity related to its systems and immediately launched a comprehensive investigation with the assistance of cybersecurity experts to determine the nature and scope of the activity. Swissport also engaged with law enforcement. At the same time, we took proactive measures to remove the unauthorized individual and ensure the security of our systems.

Our in-depth investigation determined that an unauthorized individual gained access to certain Swissport systems between February 1 through February 3, 2022, that resulted in the encryption of some of our networks and servers. With the assistance of cybersecurity experts and out of an abundance of caution, affected servers were immediately taken offline and analyzed. We then proceeded to conduct a thorough and time-intensive review of the impacted information to ensure we identified all individuals with information potentially impacted. During our comprehensive review of the systems and data potentially impacted, we discovered some of your personal information.

What Information Was Involved? Our investigation determined that the following types of your personal information was included in the impacted data: [Extra2].

What We Are Doing. Please know that protecting your personal information is something that Swissport takes very seriously. We conducted a diligent investigation to confirm the nature and scope of the incident. We also took steps to further secure our systems to prevent an incident like this in the future, and we continue to make additional improvements that strengthen our cybersecurity protections. We continue to monitor for any unauthorized uses of your personal information, and while we are unaware of any attempted or actual misuse of your information, we are sending you this letter so that you can take steps to protect yourself.

Information about Identity Theft Protection

Monitor Your Accounts

We recommend that you regularly review statements from your accounts and periodically obtain your credit report from one or more of the national credit reporting companies. You may obtain a free copy of your credit report online at www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

Equifax®
P.O. Box 740241
Atlanta, GA 30374-0241
1-800-685-1111

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

Equifax

www.transunion.com/credit-freeze

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7

years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.
