

Good afternoon,

This office serves as breach counsel for Olin College of Engineering (“Olin College”) in Needham, Massachusetts. We are writing to provide the prerequisite notice to the Office of the Attorney General, as required by statute, regarding a data security incident that resulted in potential access to data belonging to a Maryland resident. The incident was discovered upon learning that an Olin College employee’s email address was spoofed and the mailbox potentially compromised in late April of 2022. Olin College immediately notified and coordinated with its cyber insurance carrier, as well as our office and forensic vendors to investigate the root cause of the incident, rectify any potential weaknesses with its email security, and determine who and what data may have been affected. In October 2022, after finishing the lengthy investigation and determining the scope of individuals impacted, Olin College believes there is indication that only one Maryland resident was impacted by this incident.

The nature of the data for this individual was related to health/medical information discussed by the individual with this employee via email. Out of an abundance of caution, Olin College is providing this individual with 2-year credit monitoring from Experian. The attached sample notification will be mailed to this Maryland resident in the near future and includes the requirements set forth in Maryland’s Personal Information Protection Act (PIPA). *Md. Code Ann. Com m. Law 14-3504*. Please note that the sample does not currently list the affected data, but the final version will state in the affirmative that certain medical information is the subject of the incident.

Should you have any questions, please do not hesitate to contact this office.

Best,
John

For Iowa residents: You are advised to report any suspected identity theft to law enforcement or to the Iowa Attorney General.

For Massachusetts residents: You have the right to obtain a police report if you are a victim of identity theft.

For Oregon residents: You are advised to report any suspected identity theft to law enforcement, the Federal Trade Commission, and the Oregon Attorney General.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

Equifax	Experian	TransUnion

www.equifax.com/personal/ credit-report-services	www.experian.com/ freeze/center.html	www.transunion.com/ credit-freeze

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.

If you do not receive the regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline.
