Re: Integrity Financial – Data Incident
Our File No. 41966-00139

Dear Sir or Madam:

We are writing to notify you of a data security incident involving 4 Maryland residents. We are submitting this notice on behalf of our client, True North Partners.

Nature Of The Security Breach

Integrity Financial is a commercial entity headquartered in Florida. On November 23rd, it became aware of a ransomware attack which encrypted a portion of its clients' personal financial and/or social security information. Integrity immediately conducted a forensic examination. No evidence was found that any personal information was compromised. Integrity is not aware of any misuse of such information arising out of this incident.

The clients involved in this incident were forwarded letters notifying them of this incident. A copy of the form letter is attached hereto.

Steps Being Taken Related To The Incident

Upon being aware of the incident, Integrity immediately conducted a forensic examination and corrected any vulnerabilities. Integrity is reviewing all data and cyber security as well as their internal data management protocols. Integrity has implemented security measures to prevent this type of incident from reoccurring.

Integrity has also arranged to protect the individuals who could have been affected by this incident by providing identity monitoring services for 12 months at no cost to the individuals.

Should you need additional information regarding this matter, kindly contact me.

Very truly yours,

/s/ David J. Shannon

Dear <<First Name>> <<Last Name>>,

On November 23rd, the day before Thanksgiving, we attempted to open our computers for a normal workday. Unfortunately, we were greeted with our files being encrypted with a virus making our files unusable.

Since that time, we have been working with a cybersecurity forensics company and a privacy law firm that both have extensive experience in matters related to computer virus incidents. Our hard drives have been examined to determine if any personal data of our clients was compromised.

After a full forensic examination of our computer system, we can say with confidence that no evidence exists that any client personal information was affected or compromised. We also had a backup data system and we replaced the corrupted server with a brand new one.

What We Are Suggesting

In addition to implementing protocols and enhanced security measures to help prevent this type of incident from recurring, we are utilizing and offering identity theft protection services through IDX, the data breach and recovery services expert. IDX identity protection services include: 12 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services. With this protection, IDX will help you resolve issues if your identity becomes compromised.

What You Can Do

We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling 1-833-903-3648 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is April 6, 2023.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

For More Information

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

We apologize for any inconvenience or concern this incident may cause. Please call 1-833-903-3648 or go to <https://app.idx.us/account-creation/protect> for assistance or for any additional questions you may have.

Sincerely,

Recommended Steps to help Protect your Information

1. Website and Enrollment. Go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-833-903-3648 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft. Office of the Attorney General of California, 1300 I Street, Sacramento, CA 95814, Telephone: 1-800-952-5225.
