Attention: Security Breach Notification

Re: Notification of Potential Data Security Incident

Dear Sir or Madam:

We represent the New Jersey Department of Human Services, Division of Mental Health and Addiction Services ("DMHAS"), PO Box 362, 5 Commerce Way, Trenton, NJ 08625 in connection with an incident that may have involved the personal information of one (1) Maryland resident. DMHAS oversees the State of New Jersey's adult system of community-based behavioral health services. DMHAS is reporting the incident pursuant to Md. Commercial Law Code Ann. § 14-3504(h). This notice provides details about the incident and our response and remediation efforts. We will supplement this notice, as appropriate, with any new significant facts discovered subsequent to this submission. While DMHAS is notifying you of this incident, DMHAS does not waive any rights or defenses relating to the incident, this notice, or the applicability of Maryland law on personal jurisdiction.

On or around March 24, 2023, DMHAS discovered that certain information from the records of a limited number of individuals receiving substance use disorder services were appearing in search engine results. Upon learning of the incident, DMHAS quickly implemented its incident response plan, and worked with outside counsel to engage a leading third-party cybersecurity firm to conduct a forensic review. DMHAS also took measures to assess the scope and impact of the incident, and to ensure that the affected records were no longer appearing in search engine results. While our investigation is ongoing, there is no indication that the affected data has been used for fraudulent or illicit purposes or otherwise misused.

Based on DMHAS's investigation to date, the affected personal information included name, address, data of birth, medical record number, medical information, health history, and/or treatment information (including information regarding drug/alcohol and/or psychiatric diagnoses and treatment). The Maryland resident impacted will shortly receive notice via U.S. Mail. An example of the notification mailed to the affected Maryland resident is attached, which includes complimentary credit monitoring and identity theft insurance for twenty-four (24) months.

Over 40 Offices across 4 Continents

Squire Patton Boggs (US) LLP is part of the international legal practice Squire Patton Boggs, which operates worldwide through a number of separate legal entities.

Dear [REDACTED]:

We are writing to share important information regarding a data security incident that potentially involved your personal information and protected health information ("PHI"). The privacy and security of your information are important to us, and we are taking appropriate steps to respond to the incident. At this time, we do not have any indication that your information has been misused. Out of an abundance of caution, we are providing you with information, as well as access to resources, so that you can better protect your personal information and PHI.

What Happened:

We recently discovered that the New Jersey Department of Human Services ("NJ DHS"), Division of Mental Health and Addiction Services ("DMHAS"), experienced a data security incident, which resulted in the potential exposure of personal information and PHI. The incident was first discovered on March 24, 2023, when we received an alert from a family member of an individual receiving substance use disorder services who was able to find treatment information in search engine results for the individual's name. DMHAS conducted an internal investigation of the incident, and within 24 hours of the alert, patched the system error that allowed the information to be publicly available in search engine results. In addition, NJ DHS engaged third-party experts, including forensic investigators, to investigate the scope of the incident and assist with response and remediation activities as appropriate. Through this investigation, NJ DHS discovered that treatment information for certain other individuals receiving substance use disorder or intoxicated drivers' services was publicly available through certain search engines. This information has since been cleared from these search engines.

You are receiving this notification because on or about June 12, 2023, some of your treatment information was identified as being among the information that was available on certain search engines. We do not have reason to believe that your information was used inappropriately. **However, because we are committed to protecting your personal information, we are providing you this notice, in an abundance of caution, so that you may diligently monitor your accounts.**

What Information was Involved:

The type of personal information and PHI that DMHAS stores on the impacted Substance Use Disorder and Intoxicated Drivers systems may include your name and one or more of the following types of information:

- Address;
- Date of birth;
- Medical record number;
- Medication information;
- Health history; and/or

- Treatment information, including that related to drug/alcohol and/or psychiatric diagnoses and treatment.

What DMHAS is Doing:

The confidentiality of your personal information and PHI is one of DMHAS's top priorities. Immediately upon learning of the incident, we took steps to contain the incident and conduct a thorough investigation. The third-party information technology firm we retained also assisted in the remediation of our system, and implementation of additional security measures. As such, we have already strengthened our system, and will continue to do so throughout this response process and beyond.

Credit Monitoring Services:

While DMHAS is not aware of any identity fraud or improper use of any personal information or PHI directly resulting from this incident, we have arranged to have Cyberscout, a TransUnion company, provide you with twenty-four (24) months of complimentary credit monitoring services through Identity Force and identity theft insurance should you want such services. To activate your membership in these services, please follow the steps outlined at the end of this letter.

What You Can Do:

We recommend that you remain vigilant in regularly reviewing and monitoring all your account statements and credit history to guard against any unauthorized transactions or activity. If you discover any suspicious or unusual activity on your accounts, please contact your financial institution. We have provided additional information below, including steps you can take to protect yourself against fraud and identity theft.

For More Information:

If you have any questions about this notice or the incident, please telephone the Cyberscout call center at 1-800-405-6108 from 8:00 am to 8:00 pm ET, Monday through Friday. The call center will be available for ninety (90) days from the date of this letter to assist you.

We value you and sincerely apologize for any inconvenience caused by this incident. Thank you for your understanding.

Sincerely,

Lisa Ciaston, Privacy Officer
Division of Mental Health and Addictions Services

Credit Monitoring Services

In response to the network security incident, NJDHS has arranged for Cyberscout to provide the following services through Identity Force:

- Single Bureau Credit Monitoring, Report and Score*;
- Cyber Monitoring
- Identity Protection Services
- Identity Resolution Services
- \$1,000,000 in Identity Theft Insurance

These services provide you with alerts for twenty-four (24) months from the date of enrollment when changes occur to your credit file. A notification will be sent to you the same day that the changes or updates takes place with the bureau. Cyber monitoring will look out for your personal data on the dark web and alert you if your personally identifiable information is found online. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in the event you become a victim of identity theft, as well as a \$1,000,000 insurance reimbursement policy. To safeguard your privacy and security, you will be asked to verify your identity before monitoring can be activated.

Representatives are available for ninety (90) days from the date of this letter, to assist you with questions regarding this incident, between the hours of 8:00 am to 8:00 pm ET, Monday through Friday. Please call the help line 1-800-405-6108 and supply the fraud specialist with your unique code listed below. To extend these services, enrollment in the monitoring services described below is required.

How Do I Enroll for the Free Services?

To register your account and activate your services type the following URL into your browser: [REDACTED] and follow the instructions provided. When prompted please provide the following unique code to receive services: [REDACTED]

Important – you must register your account and activate your monitoring services within 90 days from the date of this letter, otherwise your ability to access the services will expire.

* Services marked with an “*” require an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

Additional Information

To protect against possible fraud, identity theft or financial loss, we encourage you to remain vigilant, review your account statements, and monitor your credit reports. Provided below are the names and contact information for the three (3) major U.S. credit reporting agencies and additional information about steps you can take to obtain a free credit report and to place a fraud alert, credit freeze, or credit lock on your credit report. If you believe you are a victim of fraud or identity theft, you should consider contacting your local law enforcement agency, your State's Attorney General, or the Federal Trade Commission.

Information on Obtaining a Free Credit Report:

U.S. residents are entitled under U.S. law to one (1) free credit report annually from each of the three (3) major credit reporting agencies. To order a free credit report, visit www.annualcreditreport.com or call toll-free (877) 322-8228.

Information on Implementing a Fraud Alert, Credit Freeze, or Credit Lock:

To place a fraud alert, credit freeze, or credit lock on your credit report, you must contact the three (3) credit reporting agencies below:

Equifax:
Consumer Fraud Div.
P.O. Box 740256
Atlanta, GA 30374
1-888-766-0008
www.equifax.com

Experian:
Credit Fraud Center
P.O. Box 9554
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion:
TransUnion LLC
P.O. Box 2000
Chester, PA 19022-2000
1-800-680-7289
www.transunion.com

Fraud Alert: Consider contacting one of the three (3) major credit reporting agencies at the addresses above to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit. Although this may cause some short delay if you are the one applying for the credit, it might protect against someone else obtaining credit in your name.

To place a fraud alert, contact any of the three (3) major credit reporting agencies listed above and request that a fraud alert be put on your file. The agency that you contacted must notify the other two agencies. A fraud alert is free and lasts ninety (90) days but can be renewed.

Credit Freeze: A credit freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report until the freeze is lifted. There is no cost to place a credit freeze. When a credit freeze is in place, no one—including you—can open a new account. As a result, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services.

To place a credit freeze, contact all three credit reporting agencies listed above and provide the personal information required by each agency to place a freeze, which may include:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;

3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, a copy of either a police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

When you place a credit freeze, you will be provided a PIN to lift temporarily or remove the credit freeze. A credit freeze generally lasts until you lift or remove it, although in some jurisdictions it will expire after seven (7) years.

Credit Lock: Like a credit freeze, a credit lock restricts access to your credit report and prevents anyone from opening an account until unlocked. Unlike credit freezes, your credit can typically be unlocked online without delay. To lock your credit, contact all three (3) credit reporting agencies listed above and complete a credit lock agreement. The cost of a credit lock varies by agency, which typically charge monthly fees.

Additional Resources

You may also contact the U.S. Federal Trade Commission ("FTC") for further information on fraud alerts, credit freezes, credit locks, and how to protect yourself from identity theft. The FTC can be contacted at 400 7th St. SW, Washington, DC 20024; telephone 1-877-382-4357; or www.consumer.gov/idtheft.

Your state Attorney General may also have advice on preventing identity theft and you should report instances of known or suspected identity theft to law enforcement, your State Attorney General, or the FTC.
