Re: Notice of Data Event

To Whom It May Concern:

We represent Converged Security Solutions, LLC (“CSS”) located at 11800 Sunrise Valley Dr., Suite 900, Reston, VA 20191, and are writing to notify your office of an incident that may affect the security of certain personal information relating to approximately six hundred ninety-four (694) Maryland residents. The investigation into this matter is ongoing, and this notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, CSS does not waive any rights or defenses regarding the applicability of Maryland law, the applicability of the Maryland data event notification statute, or personal jurisdiction.

Nature of the Data Event

On July 26, 2022, CSS experienced a data security incident that impacted certain computer systems and caused a temporary disruption to services. CSS promptly worked with an external cybersecurity specialist to secure its systems and quickly commenced an investigation to confirm the nature and scope of the incident. Through the investigation, CSS learned that it was impacted by a sophisticated cyberattack and that an unauthorized actor may have accessed and/or acquired certain data and information stored on CSS’s computer systems between July 12, 2022 and July 26, 2022. An intensive and time-consuming review of the contents of the affected data was subsequently performed by an external subject matter specialist to determine whether the data contained any sensitive information and to identify affected individuals. CSS conducted a subsequent internal review to locate mailing addresses for identified individuals. This review concluded on May 2, 2023.

The information that could have been subject to unauthorized access includes name, passport number, Social Security number, driver's license or state identification number, medical information, health insurance information, account login information, and financial account information.

Notice to Maryland Residents

On June 1, 2023, CSS began providing written notice of this incident to approximately six hundred ninety-four (694) Maryland residents. Written notice is being provided in substantially the same form as the letter attached here as ***Exhibit A***.

Other Steps Taken and To Be Taken

Upon discovering the incident, CSS moved quickly to investigate and respond to the incident, assess the security of CSS systems, and identify potentially affected individuals. Further, CSS notified federal law enforcement regarding the incident. CSS is also working to implement additional safeguards and to provide additional training to its employees. CSS is providing access to credit monitoring services for one (1) year, through IDX, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, CSS is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. CSS is providing individuals with information on how to place fraud alert and credit freezes on their credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. CSS is providing written notice of this incident to relevant regulators.

Re: Notice of <<Variable Header>>

Dear <<First Name>> <<Middle Name/Initial>> <<Last Name>>:

Converged Security Solutions, LLC (“CSS”) is writing to inform you of a recent incident that may impact the privacy of your information. Although CSS is unaware of any actual or attempted misuse of your information, CSS is providing you with information about the recent incident, the response to that incident, and steps you may take to better protect your information, should you feel it is appropriate to do so.

What Happened? On or about July 26, 2022, CSS experienced a data security incident that impacted certain computer systems and caused a temporary disruption to services. CSS promptly worked with external cybersecurity specialists to secure its systems and quickly commenced an investigation to confirm the nature and scope of the incident. The investigation determined an unauthorized actor may have accessed and/or acquired certain data and information stored on CSS’s computer systems between July 12, 2022 and July 26, 2022. An intensive and time-consuming review of the contents of the affected data was subsequently performed by an external subject matter specialist to determine whether the data contained any sensitive information and to identify affected individuals. On **May 2, 2023**, the comprehensive review determined that your information was in the files that may have been accessed and/or acquired without authorization.

What Information Was Involved? As indicated above, CSS is unaware of any actual misuse of your personal information. However, the information present in the files that were accessed and/or acquired as a result of the incident may have included your <<data elements>>, and name.

What We Are Doing. CSS treats its responsibility to safeguard information as an utmost priority. As such, CSS responded promptly to this incident and worked diligently to provide you with an accurate and complete notice of the incident as soon as possible. As part of its ongoing commitment to the privacy and security of personal information in its care, CSS is reviewing and updating existing policies and procedures relating to data protection and security. CSS is also investigating additional security measures to mitigate any risk associated with this incident and to better prevent future similar incidents. CSS is providing notice of this incident to potentially impacted individuals and to regulators where required.

Out of an abundance of caution, CSS is providing you with <<Variable CM Length>> months of complimentary access to credit monitoring services through IDX, A ZeroFox Company, the data breach and recovery services expert, as well as guidance on how to better protect your information, should you feel it is appropriate to do so. Although CSS is covering the cost of these services, due to privacy restrictions, you will need to complete the activation process yourself.

What You Can Do. Although there is no evidence of any actual or attempted misuse of your information, CSS encourages you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and explanation

of benefits and by monitoring your free credit reports for suspicious activity and to detect errors over the next 12 to 24 months. Any suspicious activity should be reported to the appropriate insurance company, health care provider, or financial institution. You can also find out more about how to safeguard your information in the enclosed *Steps You Can Take to Protect Personal Information*. There, you will find additional information about the complimentary credit monitoring and how to enroll.

For More Information. We understand you may have questions about this incident that are not addressed in this letter. To ensure your questions are answered in a timely manner, please call our dedicated assistance line at: 1-800-939-4170, Monday through Friday from 9 am - 9 pm Eastern Time. You may also write to CSS directly at: 11800 Sunrise Valley Dr Suite 900, Reston, VA 20191.

Sincerely,

Converged Security Solutions, LLC

STEPS YOU CAN TAKE TO HELP PROTECT PERSONAL INFORMATION

Enroll in Complimentary Credit Monitoring Services

1. Website and Enrollment. Go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter. Please note, the deadline to enroll is September 1, 2023.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. 3. Telephone. Contact IDX at 1-800-939-4170 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial, as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a fraud alert or a credit freeze, please contact the three major credit reporting bureaus listed below:

The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and your state Attorney General. This notice has not been delayed by law enforcement.

Re: Supplemental Notice of Data Event

To Whom It May Concern:

We continue to represent Converged Security Solutions, LLC (“CSS”) located at 11800 Sunrise Valley Dr Suite 900, Reston, VA 20191, and are writing to supplement our June 1, 2023 notice to your office. This notice may be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, CSS does not waive any rights or defenses regarding the applicability of Maryland law, the applicability of the Maryland data event notification statute, or personal jurisdiction.

Nature of the Data Event

On July 26, 2022, CSS experienced a data security incident that impacted certain computer systems and caused a temporary disruption to services. CSS promptly worked with an external cybersecurity specialist to secure its systems and quickly commenced an investigation to confirm the nature and scope of the incident. Through the investigation, CSS learned that it was impacted by a sophisticated cyberattack and that an unauthorized actor may have accessed and/or acquired certain data and information stored on CSS’s computer systems between July 12, 2022 and July 26, 2022. An intensive and time-consuming review of the contents of the affected data was subsequently performed by an external subject matter specialist to determine whether the data contained any sensitive information and to identify affected individuals. CSS conducted a subsequent internal review to locate mailing addresses for identified individuals and this review recently concluded.

The information that could have been subject to unauthorized access includes name, Social Security number, driver's license or state identification card number, health insurance information, medical information, financial account information, email login information, and passport number.

Notice to Maryland Residents

On June 1, 2023, CSS began providing written notice of this incident to affected individuals, and after an additional review to locate mailing addresses, on April 24, 2024, CSS subsequently provided written notification to an additional six hundred fifty-seven (657) Maryland residents. Written notice is being provided in substantially the same form as the letter attached here as *Exhibit A*.

Other Steps Taken and To Be Taken

Upon discovering the incident, CSS moved quickly to investigate and respond to the incident, assess the security of CSS systems, and identify potentially affected individuals. Further, CSS notified federal law enforcement regarding the incident. CSS is also working to implement additional safeguards and to provide additional training to its employees. CSS is providing access to credit monitoring and identity restoration services for two (2) years, through Experian, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, CSS is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to their credit card company and/or bank. CSS is providing individuals with information on how to place fraud alert and credit freezes on their credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. CSS is providing written notice of this incident to relevant regulators.
