Office of the Attorney General
Attn: Security Breach Notification
200 St. Paul Place
Baltimore, MD 21202

To the Office of Attorney General for the State of Maryland:

We are writing to inform you of a recent data security incident that occurred at Pension Benefit Information, LLC ("**PBI**"), a vendor to the University of Denver's planned gift management service provider, TIAA Kaspick. TIAA Kaspick uses PBI to identify in a timely manner beneficiaries or annuitants who might have passed away.

Number of Maryland Residents Affected: two (2)

Description of the Incident: On June 29, 2023, the University of Denver was notified by TIAA Kaspick that it had data impacted by a third-party data security incident involving MOVEit Transfer.

According to PBI, on or around May 31, 2023, Progress Software, the provider of MOVEit Transfer software disclosed a vulnerability in their software that had been exploited by an unauthorized third party. PBI utilizes MOVEit in the regular course of their business operations to securely transfer files.

Upon learning about the MOVEit vulnerability, PBI took steps to apply the patch provided by Progress Software. PBI also launched an investigation into the nature and scope of the vulnerability and its impact on PBI systems. Through the investigation, PBI learned that the third party accessed one of its MOVEit Transfer servers on May 29, 2023 and May 30, 2023 and downloaded data. PBI conducted a manual review of its records to confirm the identities of individuals potentially affected by this event and their contact information to provide notifications. PBI also reported the event to federal law enforcement.

The data security incident resulted in the exposure of personal information (i.e., first and last name, date of birth, and social security numbers) to an unauthorized actor.

PBI will provide individual notifications to impacted individuals and PBI will provide affected individuals with two years of credit monitoring at no cost. This coverage will be supplied through the efforts of Kroll, LLC, a cybersecurity consulting firm that, among other things, specializes in incident response services and related notifications.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer's name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

¹ Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
