Re: Client : Community School of Naples
Matter : Data Security Incident

Dear Attorney General:

We are writing on behalf of Community School of Naples (“CSN”) with respect to a potential data security incident described in more detail below. CSN takes the security and privacy of the information in its control seriously, and has taken steps to prevent a similar incident from occurring in the future.

This letter will serve to inform you of the nature of the security breach, the number of Maryland residents that were potentially affected, what information has been compromised, and the steps that CSN is taking to secure the integrity of its systems. We have also enclosed hereto samples of the notifications made to the potentially impacted individuals, which includes an offer of free credit monitoring.

1. Nature of the Security Incident

On the morning of May 18, 2023, CSN detected and stopped a ransomware attack in which an unauthorized third party accessed some of its systems. CSN immediately engaged third-party forensic specialists to assist it with securing the network environment and investigating the extent of any unauthorized activity. The forensic investigation subsequently determined that an unauthorized third party may have accessed files containing student data. Extensive data mining efforts were required to identify any potentially compromised personal data. Data mining and the identification of impacted individuals was completed on August 3, 2023.

CSN found no evidence that personal information had been specifically misused; however, it is possible that the following information for current and former students, employees, parents, and donors was potentially compromised: first name, last name, Social Security number, date of birth, driver's license number or state-issued identification number, passport number, and medical information. Notably, the types of information affected were different for each individual, and not every individual had all the above listed elements exposed.

As of this writing, CSN is unaware of any misuse of personal information.

2. Maryland Residents Notified

Fourteen (14) Maryland residents were potentially affected by this security incident. Notification letters were mailed to the potentially impacted individuals on August 28, 2023, by first class mail. A sample copy of the notification letter is included with this letter.

3. Steps Taken

Although CSN is not aware of any evidence of misuse of personal information, CSN has extended to the potentially impacted individual an offer for free credit monitoring and identity theft protection through Sontiq. This service will include 12 months of credit monitoring, along with a fully managed identity theft recovery service, should the need arise. CSN has changed passwords, strengthened password requirements, and implemented stricter multi-factor authentication requirements.

4. Contact Information

CSN remains dedicated to protecting the sensitive information in its control. If you have any questions or need additional information, please do not hesitate to contact me at Erica.Lloyd@LewisBrisbois.com or 601.499.8127.

Very truly yours,

Lewis Brisbois Bisgaard & Smith LLP

Additional Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well):

- (1) full name, with middle initial and any suffixes;
- (2) Social Security number;
- (3) date of birth;
- (4) current address and any previous addresses for the past five years; and
- (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles.

The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 1-888-298-0045 https://www.equifax.com/personal/credit-report-services/credit-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 1-888-397-3742 www.experian.com/freeze/center.html	TransUnion Security Freeze P.O. Box 160 Woodlyn, PA 19094 1-800-916-8800 www.transunion.com/credit-freeze
---	---	--

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (<https://www.transunion.com/fraud-alerts>); or
- Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are listed above.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report suspected incidents of identity theft to local law enforcement or to the Attorney General.

FTC and Attorneys General: You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, the Federal Trade Commission, or your state Attorney General.

The Federal Trade Commission can be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580, www.identitytheft.gov, 1-877-ID-THEFT (1-877-438-4338), TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim.
