To Whom It May Concern:

We represent the Episcopal School of Dallas (“ESD”) located at 4100 Merrell Road, Dallas Texas 75229, and are writing to notify your office of an incident that may affect the security of certain personal information relating to two (2) Maryland residents. This notice may be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, ESD does not waive any rights or defenses regarding the applicability of Maryland law, the applicability of the Maryland data event notification statute, or personal jurisdiction.

Nature of the Data Event

On March 18, 2023, ESD experienced a data security incident that impacted its computer systems and caused a temporary disruption. ESD immediately responded and launched an investigation with outside assistance to confirm the nature and scope of the incident and restore impacted computer systems to operability. Through the investigation, ESD learned that an unauthorized actor accessed its systems and deployed malware that rendered certain systems inaccessible for a period of time. In addition, the unauthorized actor may have viewed or taken information relating to a limited number of ESD employees and students between March 16, 2023 to March 18, 2023. ESD conducted a comprehensive programmatic and manual review of the data that was potentially viewed or taken to determine whether it contained any sensitive information. ESD recently concluded its review and determined that information related to individuals was included in the potentially impacted data set. After determining the scope of the information, ESD undertook efforts to locate address information for the affected individuals, put resources to assist, and provide direct notice.

The personal information that could have been subject to unauthorized access includes name, and social security number.

Notice to Maryland Residents

On or about August 30, 2023, ESD provided written notice of this incident to approximately two (2) Maryland residents. Written notice is being provided in substantially the same form as the letter attached here as ***Exhibit A***.

Other Steps Taken and To Be Taken

Upon discovering the event, ESD moved quickly to investigate and respond to the incident, assess the security of ESD systems, and identify potentially affected individuals. Further, ESD notified federal law enforcement regarding the event. ESD is providing access to credit monitoring services for twelve (12) months, through Experian, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, ESD is providing impacted individuals with guidance on how to better protect against identity theft and fraud. ESD is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

ESD is providing written notice of this incident to relevant state regulators.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
