Re: *Legal Notice of Information Security Incident*

Dear Sir or Madam:

I am writing on behalf of my client, Nature's Path Foods, Inc. ("Nature's Path") to inform you of a cybersecurity incident.

On March 24, 2023, Nature's Path discovered that an unauthorized third party gained access to their network. Nature's Path took immediate steps to secure their systems, launched an investigation with the assistance of cybersecurity experts, and notified law enforcement. All impacted systems have been secured and restored. The investigation determined that the incident may have resulted in personal information being accessed and collected without authorization in March 2023. In September 2023, following a thorough review of potentially affected data, Nature's Path determined that the data contained the personal information of certain current and former employees of Nature's Path, including the name, contact information (e.g., address, email, and/or phone number), date of birth, Social Security number, and employment information (e.g., termination status and/or reason, hire date, and/or salary) of 2 Maryland Residents.

Today, October 31st, Nature's Path, will begin mailing notification letters to the 2 Maryland residents and will be offering 12-months of complimentary credit monitoring and fraud protection services. A copy of the notice letter is attached. Nature's Path is also providing a telephone number for individuals to call with any questions regarding the incident.

To help prevent a similar incident in the future, Nature's Path has implemented additional security enhancements and continues to evaluate additional measures to further protect its systems and data. If you have any questions or need further information regarding this incident, please do not hesitate to contact me.

Respectfully Submitted,

Will Daugherty

¹The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

²Credit monitoring from Experian and TransUnion will take several days to begin.

³WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded.

⁴The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC.

⁵Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com

⁶The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Free Credit Report. We remind you to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. If you identify any unauthorized charges on your financial account statements, you should immediately report any such charges to your financial institution. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit annualcreditreport.com or call toll free at 877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's (FTC) website at consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

For Colorado, Georgia, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents: You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too.

How will these freezes work? Contact all three of the nationwide credit reporting agencies Equifax, Experian, and TransUnion. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee.

Don't confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible and display your name, current mailing address and date of issue.

For New Mexico residents: You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

For Colorado and Illinois residents: You may obtain information from the credit reporting agencies and the FTC about security freezes.

Fraud Alerts. A fraud alert tells businesses that check your credit that they should check with you before opening a new account. As of Sept. 18, 2018, when you place a fraud alert, it will last one year, instead of 90 days. Fraud alerts will still be free and identity theft victims can still get an extended fraud alert for seven years.

For Colorado and Illinois residents: You may obtain additional information from the credit reporting agencies and the FTC about fraud alerts.

FTC and State Attorneys General Offices. You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself by contacting the consumer reporting agencies, the FTC, or your state Attorney General. The FTC can be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580; identitytheft.gov; 877-ID-THEFT (877-438-4338); TTY: 866-653-4261. The FTC also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above.
