Re: **Data Incident Notification**

To Whom It May Concern:

We serve as counsel for Futures Without Violence (“FUTURES”) located at 100 Montgomery Street, The Presidio, San Francisco, California, and write to inform you of a data security incident. By providing this notice, FUTURES does not waive any rights or defenses under Maryland law, including the data breach notification statute.

In August 2023, FUTURES became aware that someone posing as a FUTURES employee interacted with one of our partners by email. FUTURES promptly reported the incident to law enforcement and began working with forensic investigators to understand the scope of the incident, to remediate it, and to implement additional data security measures, including shutting down certain systems. The incident most likely resulted from an unauthorized party obtaining a single employee’s email login information. No evidence of unauthorized access to other employee email accounts was found.

Following the review related to the network files, FUTURES also worked with a forensic investigations team to conduct a thorough review of the contents of the email account subject to unauthorized access to determine the type of information contained in the account and to whom that information related. The investigation was completed in October 2023.

Office of the Attorney General  
November 17, 2023

FUTURES determined that information related to 3 Maryland residents was potentially subject to unauthorized access. The information believed to be at risk potentially includes a first and last name, in combination with a Social Security number, financial account number, or passport number.

FUTURES will send written notice of this incident to the potentially impacted Maryland residents pursuant to Maryland state law. The notice letter includes an offer of complimentary credit monitoring and identity protection services for 12 months. The notice letter that will be sent to individuals is substantially similar to the letter attached hereto as Exhibit A.

Respectfully,

MUNGER, TOLLES & OLSON LLP

  
Jessica O. Laird

## Notice of Security Incident

Dear <<first name last name>>,

Futures Without Violence (“**FUTURES**”) is writing to inform you of a data security event that may impact some of your personal information shared with and maintained by FUTURES. This notice provides information about the event, FUTURES’ response, and resources available to help protect your information from possible misuse, though at this point we have not seen evidence of your information being misused.

### What happened?

In August 2023, we became aware that someone posing as a FUTURES employee interacted with one of our partners by email. FUTURES promptly reported the incident to law enforcement and began working with forensic investigators to understand the scope of the incident, to remediate it, and to implement additional data security measures, including shutting down certain systems. The incident most likely resulted from an unauthorized party obtaining a single employee’s email login information. No evidence of unauthorized access to other employee email accounts was found.

### What information was involved?

In October 2023, it was determined that the unauthorized actor may have accessed and possibly acquired the following types of information for certain FUTURES partners, including you: full name, <<exposed data elements>>. At this time, we have no indications that any of this information has been misused.

### What we are doing.

As described above, an investigation was undertaken to assess and remediate the incident. We also reset all employees’ passwords and enhanced the security of our systems. We will also be notifying state regulators and officials, as required.
