**Re: Medjet and Medjet Assist - Notice of Data Event**

To Whom It May Concern:

We represent Medjet and Medjet Assist ("Medjet"), the premier global air medical transport and travel security membership program that is based in Birmingham, Alabama. This letter is being provided pursuant to the Maryland Personal Information Protection Act, MD. CODE ANN. COM. LAW § 14-3501, *et seq*, which requires notice to your office in the event of a breach in the security of personal information affecting residents of the State of Maryland.

On October 17, 2023, Medjet's computer network was disrupted by computer malware rendering certain systems temporarily offline. Medjet restored its systems to normal business operations without significant impact on its services and commenced an investigation into the nature and scope of the event. On or about December 5, 2023, Medjet learned that certain data from its network could have been taken during the period of unauthorized access. While the investigation is ongoing, Medjet conducted an immediate review of its servers and confirmed certain client information was present on its network during the time of the incident. Medjet has no knowledge of any actual or attempted misuse of any client information at this time. The information potentially accessible on W-9 tax forms stored on the Medjet network included client name, address, and Social Security number.

Medjet provided written notice of the incident to potentially affected individuals by U.S. regular mail on January 5, 2023. A sample copy of the notice letter is attached for your records as "**Exhibit A**". Medjet provided this notification to seven residents of Maryland.

## ADDITIONAL STEPS TO HELP PROTECT YOUR INFORMATION

**Review Personal Account Statements and Credit Reports.** We recommend that you remain vigilant by reviewing personal account statements and monitoring credit reports to detect any errors or unauthorized activity. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to [www.annualcreditreport.com](http://www.annualcreditreport.com) or call (877) 322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months. If you discover any suspicious items, you should report any incorrect information on your report to the credit reporting agency. The names and contact information for the credit reporting agencies are:

Equifax  
1-888-298-0045  
P.O. Box 105069  
Atlanta, GA 30348  
[www.equifax.com](http://www.equifax.com)

Experian  
1-888-397-3742  
P.O. Box 9554  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)

TransUnion  
1-800-680-7289  
P.O. Box 2000  
Chester, PA 19022  
[www.transunion.com](http://www.transunion.com)

**Report Suspected Fraud.** You have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You should report suspected incidents of identity theft to local law enforcement, your state's Attorney General, and/or the Federal Trade Commission.

**Place Fraud Alerts.** A fraud alert tells businesses that check your credit that they should check with you before opening a new account. Initial fraud alerts will last one year. Fraud alerts are free and identity theft victims can get an extended fraud alert for up to seven years. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. To place a fraud alert, contact the nationwide credit reporting agencies by phone or online using the above contact information. For more information, visit <https://www.consumer.ftc.gov/articles/0275-place-fraud-alert>.

**Place a Security Freeze.** Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator, or have a valid power of attorney, you can get a free freeze for that person, too. To place a security freeze, contact the nationwide credit reporting agencies by phone or online using the above contact information. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee. Also, do not confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock. For more information, visit <https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>.

**Obtain Additional Information** about the steps you can take to avoid identity theft from the following entities:

Fraud alerts are free and identity theft victims can get an extended fraud alert for up to seven years. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. To place a fraud alert, contact the nationwide credit reporting agencies by phone or online using the above contact information. For more information, visit <https://www.consumer.ftc.gov/articles/0275-place-fraud-alert>.

**Place a Security Freeze.** Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator, or have a valid power of attorney, you can get a free freeze for that person, too. To place a security freeze, contact the nationwide credit reporting agencies by phone or online using the above contact information. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee. Also, do not confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock. For more information, visit <https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>.
