Re: Incident Notification

Dear Attorney General Brown:

I am writing on behalf of my client, Trinity Universal Insurance Company and its subsidiaries (“the Company”)¹, to notify you of a data security incident involving Maryland residents.

On July 11, 2023, the Company discovered that a padlocked case (“lockbox”) containing backup tapes of certain servers was missing from its Jacksonville, Florida office. The Company immediately launched an investigation and was able to determine that, sometime between July 7 and July 10, 2023, the lockbox went missing from the Jacksonville Office Mail Room Vestibule. The Company personnel searched the Jacksonville office for the lockbox and were unable to locate the missing lockbox. The Company notified law enforcement that the lockbox was missing. To date, the Company has been unable to locate the missing lockbox containing the backup tapes. There is no indication that the lockbox was stolen or that any of the information on the tapes has been accessed or misused.

¹ The subsidiaries include: Alpha Property & Casualty Insurance Company, Charter Indemnity Company, Response Insurance Company, Kemper Financial Indemnity Company, Response Worldwide Insurance Company, Warner Insurance Company, Response Worldwide Direct Auto Insurance Company, Financial Indemnity Company, Kemper Independence Insurance Company, Merastar Insurance Company, Unitrin County Mutual Insurance Company, Infinity County Mutual Insurance Company, Unitrin Advantage Insurance Company, Unitrin Auto and Home Insurance Company, Unitrin Direct Insurance Company, Unitrin Direct Property & Casualty Company, Unitrin Preferred Insurance Company, Unitrin Safeguard Insurance Company, and Valley Property & Casualty Insurance Company.

Nevertheless, the Company conducted a comprehensive review of the data that was contained on the backup tapes, which involved a time- and labor-intensive effort to reconstruct, search and review the data. While the review is ongoing, on January 10, 2024, the Company determined that the tapes contained personal information of 2,310 Maryland residents, including the individuals' name, address, driver's license number, Social Security number, financial account information and/or claims information such as health insurance and medical information.

On February 9, 2024, the Company began mailing notification letters via United States Postal Service First-Class mail to the individuals whose information has been identified to date, including 2,310 Maryland residents. The Company also provided substitute notice via nationwide media and a website posting. A sample copy of the notification letter is enclosed. The Company is offering individuals with a Social Security number and/or driver's license number involved a complimentary membership in credit monitoring and identity theft protection services. The Company has also established a toll-free call center to answer any inquiries from individuals.

To help prevent a similar incident in the future, the Company is continuing to review its cybersecurity program and has already made changes to its processes and procedures.

Please do not hesitate to contact me if you have any questions regarding this matter.

Dear <<Name1>>:

Trinity Universal Insurance Company and its subsidiaries (“TUIC”)¹ are writing to inform you of an incident that involved some of your information. This notice explains the incident, measures we have taken, and steps you may consider taking in response.

TUIC recently completed an investigation into an incident involving backup tapes that went missing from a TUIC office that was in the process of moving to another location. These backup tapes were contained in a padlocked case (“lockbox”) and went missing sometime between July 7, 2023 and July 10, 2023. Immediately upon learning of the issue, we began an investigation and attempted to locate the lockbox, but were unsuccessful. We also notified law enforcement. We conducted a comprehensive review of the data that could have been contained on the backup tapes, which involved a time- and labor-intensive effort to reconstruct, search and review the data, and, on <<variable text 1>>, determined that a file contained your name and <<Data Elements>>.

Although there is no indication that the lockbox was stolen or that any of the information on the tapes has been accessed or misused, we wanted to notify you of this incident. We are offering a complimentary one-year membership to Identity Defense Complete. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on identification and resolution of identity theft. For more information on the product, including instructions on how to activate your complimentary one-year membership, as well as some additional steps you can take to protect your personal information, please see the additional information provided in this letter.

If you have questions, please call 1-888-542-8828, Monday through Friday from 8:00 am – 8:00 pm Central (excluding major U.S. holidays).

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

- *Federal Trade Commission*, Consumer Response Center, 600 Pennsylvania Avenue NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), www.identitytheft.gov

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name.

That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 160, Woodlyn, PA 19094, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.

Trinity Universal Insurance Company can be contacted via mail at 8360 LBJ Freeway, Suite 400, Dallas, TX 75243-1134 or by telephone at 877-252-7878.
