Re: *Notification of Data Security Incident*

Dear Mr. Karberg:

We represent United Seating and Mobility, L.L.C., d/b/a Numotion (“Numotion”), 155 Franklin Road, Ste. 300 Brentwood, TN 37027, in connection with an incident that may have involved the personal information of Maryland residents. Numotion is reporting the incident pursuant to MD. CODE ANN., COM. LAW § 14-3504(h). This notice will be supplemented, if necessary, with any new significant facts discovered subsequent to this submission. While Numotion is notifying you of this incident, Numotion does not waive any rights or defenses relating to the incident, this notice, or the applicability of Maryland law on personal jurisdiction.

NATURE OF THE INCIDENT

On March 2, 2024, Numotion discovered encryption on certain network systems. Numotion immediately and proactively isolated its network, moved systems offline, and disabled user access. A few systems were encrypted during the incident, but Numotion largely prevented the spread of the malicious activity through its quick containment efforts. Numotion, through counsel, engaged a third-party forensic firm to assist with the investigation and confirm the security of Numotion’s network. The investigation determined that an unknown, third-party accessed certain systems on the Numotion network and acquired certain files from a shared file server. Numotion is in the process of reviewing the acquired files and identifying individuals whose personal information was involved.

Numotion’s review is still ongoing, however, on or around March 4, 2024, Numotion determined that certain files could have contained names, dates of birth, Social Security numbers and employment information, and for some individuals, the files could have also contained driver’s

license numbers or passport numbers of one hundred and fifty-five (155) Maryland residents. At this time, there is no indication that the personal information involved in this incident has been misused for the purpose of committing fraud or identity theft.

NOTICE TO MARYLAND RESIDENTS

Numotion is mailing notification letters to individuals via USPS today, April 15, 2024. The notification letter includes information on protecting against potential fraud and identity theft and a toll-free telephone number to call with questions regarding the incident. For individuals whose Social Security number could have been included in the acquired files, the letter also includes an offer of twelve (12) months complimentary credit monitoring services. Enclosed is a sample of the notice sent to the Maryland residents.

STEPS TAKEN RELATING TO THE INCIDENT

Upon discovery, Numotion promptly contained the incident to prevent further unauthorized access, began an internal investigation, and engaged a cybersecurity firm to assist with the investigation and confirm the security of its network. Numotion is also undertaking efforts to further reduce the risk of this type of incident from occurring in the future.

Please contact me if you have any questions or if I can provide you with any further information concerning this matter.

What Happened? On March 2, 2024, we discovered that we were the victim of a cyber-attack. Upon learning of the incident, we promptly began an investigation and worked to secure our systems. We also engaged a forensic security firm to assist with our investigation and confirm the security of our computer systems. The forensic investigation determined that an unknown, unauthorized third party accessed our computer systems between February 29, 2024, and March 2, 2024, and encrypted some of our computer files. The investigation also determined that the third party may have accessed and acquired certain files from our systems during this period.

What Information Was Involved? We reviewed the contents of the potentially acquired files to determine if they contained any personal information. On March 4, 2024, we determined that the files contained personal information that may have included your name, date of birth, Social Security number and employment information.

What We Are Doing. In addition to the actions described above, we have also taken steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. We are also notifying you of the incident so that you can be aware and take steps to protect your information, if you feel it is appropriate to do so. Finally, although we are not aware of any instances of fraud or identity theft resulting from this incident, out of an abundance of caution, we are offering a complimentary one-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on prompt identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary, one-year membership, please see the additional information attached to this letter.**

You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: By law, you may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies. The three national credit reporting agencies have also agreed to provide free weekly online credit reports. Fraud Alerts: By law, you have the right to place a fraud alert on your credit report if you believe you have been, or are about to become, a victim of fraud or related crime. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com/protectYourIdentity.action.

Credit and Security Freezes: By law, you have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
