Re: Venture Plastics, Inc. – Incident Notification

Dear Sir or Madam:

McDonald Hopkins PLC represents Venture Plastics, Inc. (“Venture Plastics”), located at 4000 Warren Ravenna Rd., Newton Falls, OH 44444. I am writing to provide notification of a cybersecurity incident that impacted Venture Plastics and may affect the security of personal information of approximately five (5) Maryland residents. By providing this notice, Venture Plastics does not waive any rights or defenses regarding the applicability of Maryland law or personal jurisdiction.

On October 10, 2023, Venture Plastics detected a sophisticated network security incident. Upon learning of this issue, Venture Plastics contained the incident and immediately commenced a prompt and thorough investigation. As part of the investigation, Venture Plastics worked closely with external cybersecurity professionals experienced in handling these types of incidents. Through the forensic investigation, Venture Plastics determined that a limited number of files in its network were subject to access and acquisition by an unauthorized individual. Venture Plastics conducted an extensive manual review of the affected files and, on July 3, 2024, discovered the potentially impacted data contained residents’ personal information, including name, Social Security number and passport number.

Venture Plastics is not aware of any reports of identity fraud or improper use of personal information as a direct result of this incident. Nevertheless, out of an abundance of caution, Venture Plastics wanted to inform you (and affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. Venture Plastics is providing the affected residents with written notification of this incident, commencing on or about July 12, 2024, in substantially the same form as the letter attached hereto as **Exhibit A**. Venture Plastics is offering the affected residents complimentary one-year memberships with a credit monitoring service, for those with a Social Security number involved. Venture Plastics is also advising the affected residents about the process for placing fraud alerts and/or security freezes on their credit files and obtaining free credit reports. The affected residents are also being

3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a "Security Freeze" be placed on your credit file at no cost. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by sending a request in writing, by mail, to all three nationwide credit reporting companies. To find out more on how to place a security freeze, you can use the following contact information:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348-5788

(888) 916-8800

In order to place the security freeze, you will need to supply your name, address, date of birth, Social Security number and other personal information such as copy of a government issued identification. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze. If you do place a security freeze prior to enrolling in a credit monitoring service, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Protecting Your Health Information.

As a general matter the following practices can help to protect you from medical identity theft.

- Only share your health insurance cards with your health care providers and other family members who are covered under your insurance plan or who help you with your medical care.
- Review your “explanation of benefits” statement which you receive from your health insurance company. Follow up with your insurance company or the care provider for any items you do not recognize. If necessary, contact the care provider on the explanation of benefits statement and ask for copies of medical records from the date of the potential exposure to current date.
- Ask your insurance company for a current year-to-date report of all services paid for you as a beneficiary. Follow up with your insurance company or care provider for any items you do not recognize.

6. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly. If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC’s Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If this notice letter states that your financial account information and/or credit or debit card information was impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.

New Mexico Residents: You have rights under the federal Fair Credit Reporting Act (FCRA). These include, among others, the right to know what is in your file; to dispute incomplete or inaccurate information; and to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information. For more information about the FCRA, please visit www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf or www.ftc.gov.

In Addition, New Mexico Consumers Have the Right to
Obtain a Security Freeze or Submit a Declaration of Removal

As noted above, you may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit report, you will be provided with a personal identification number, password, or similar device to use if you choose to remove the freeze on your credit report or to temporarily authorize the release of your credit report to a specific party or parties or for a specific period of time after the freeze is in place. To remove the freeze or to provide authorization for the temporary release of your credit report, you must contact the consumer reporting agency and provide all of the following:

1. The unique personal identification number, password, or similar device provided by the consumer reporting agency;
2. Proper identification to verify your identity; and
3. Information regarding the third party or parties who are to receive the credit report or the period of time for which the credit report may be released to users of the credit report.

A consumer reporting agency that receives a request from a consumer to lift temporarily a freeze on a credit report shall comply with the request no later than three business days after receiving the request. As of September 1, 2008, a consumer reporting agency shall comply with the request within fifteen minutes of receiving the request by a secure electronic method or by telephone.

A security freeze does not apply in all circumstances, such as where you have an existing account relationship and a copy of your credit report is requested by your existing creditor or its agents for certain types of account review, collection, fraud control, or similar activities; for use in setting or adjusting an insurance rate or claim or insurance underwriting; for certain governmental purposes; and for purposes of prescreening as defined in the federal Fair Credit Reporting Act.

If you are actively seeking a new credit, loan, utility, telephone, or insurance account, you should understand that the procedures involved in lifting a security freeze may slow your own applications for credit. You should plan ahead and lift a freeze, either completely if you are shopping around or specifically for a certain creditor, with enough advance notice before you apply for new credit for the lifting to take effect. You should contact a consumer reporting agency and request it to lift the freeze at least three business days before applying. As of September 1, 2008, if you contact a consumer reporting agency by a secure electronic method or by telephone, the consumer reporting agency should lift the freeze within fifteen minutes. You have a right to bring a civil action against a consumer reporting agency that violates your rights under the Fair Credit Reporting and Identity Security Act.

To place a security freeze on your credit report, you must send a request to each of the three major consumer reporting agencies: Equifax, Experian, and TransUnion. You may contact these agencies using the contact information provided above.

Rhode Island Residents: You may contact law enforcement, such as the Rhode Island Attorney General's Office, to report incidents of identity theft or to learn about steps you can take to protect yourself from identity theft. You can contact the Rhode Island Attorney General at: Rhode Island Office of the Attorney General, 150 South Main Street, Providence, RI 02903, www.riag.ri.gov, 401-274-4400.

As noted above, you may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You have a right to place a "security freeze" on your credit report pursuant to chapter 48 of title 6 of the Identity Theft Prevention Act of 2006.
