Re: Notification Pursuant to Md. Code Com. Law § 14-3501 *et seq.*

Dear Attorney General Brown:

We are writing on behalf of our client, Clark Material Handling Company ("Clark"), to notify you of a security incident involving the personal information of approximately eight (8) Maryland residents.

NATURE OF THE UNAUTHORIZED DISCLOSURE

Upon discovering the incident on March 3, 2024, Clark took immediate steps to contain, eradicate, and investigate the incident with the assistance of external cybersecurity experts. Based on the investigation, Clark determined that this incident occurred as a result of a compromise of Clark's third-party web developer, which allowed an unauthorized third party to gain access to Clark's environment using the web developer's account. The unauthorized third party then viewed and acquired certain data from portions of Clark's network between approximately February 14, 2024 and March 3, 2024.

As part of the investigation, Clark conducted a detailed manual review of the data to identify whether personal information may have been contained in the affected data. Based on that review, which concluded on July 9, 2024, Clark confirmed that the information involved in this incident included the names, addresses, and Social Security numbers of Maryland residents.

STEPS TAKEN RELATED TO THE INCIDENT

On November 22, 2024, Clark notified the affected Maryland residents via regular mail. A sample copy of the notification letter is attached hereto. Clark is providing the residents with 12 months of credit monitoring at no charge and will establish a dedicated toll-free support line that will be staffed to answer any questions individuals may have about the incident or the services available to them. Within the letter, Clark will advise the affected residents on general best practices and safeguards to protect themselves from identity theft, including to always remain vigilant in reviewing financial account statements for fraudulent or irregular activity on a regular basis, as well as the process for placing a fraud alert and/or security freeze on their credit files and obtaining free credit reports.

At Clark, protecting the privacy of personal information is a top priority. In response to the incident, Clark notified federal law enforcement authorities, reset all passwords, and implemented additional security measures to help protect the privacy of information stored on its systems. Clark remains

committed to continuing to evaluate and modify its practices to enhance the security and privacy of the personal information it maintains.

Dear [REDACTED]

At Clark Material Handling Company (“Clark”), we value and respect the privacy of your information, which is why we are writing to inform you of a recent security incident that may involve some of your personal information. This letter contains information about what happened, the measures taken in response, and steps you can take to help protect your information

WHAT HAPPENED?

On March 3, 2024, we became aware of a security incident impacting our internal systems and took immediate steps to investigate, contain, and eradicate the incident with the assistance of external cybersecurity experts. The investigation determined that an unauthorized third party accessed and copied files contained within certain segments of our network between approximately February 14, 2024 and March 3, 2024. Our investigation confirmed that this incident occurred as a result of a compromise of our third-party web developer, which resulted in the unauthorized third-party gaining access to our environment through the web developer's account.

As part of this investigation, we initiated a detailed review of these files to determine whether personal information belonging to individuals may have been accessible to the unauthorized party. Our review concluded on July 9, 2024, at which time we determined that some of your personal information was contained within the affected files.

WHAT INFORMATION WAS INVOLVED?

Our review determined that the files copied from our environment contained some of your personal information, including your full name, Social Security number, and may have included one or more of the following: passport number, driver’s license number, tax ID, financial account number, payment card number, medical information, and/or insurance information.

WHAT WE ARE DOING.

Upon learning of the incident, we moved quickly to initiate a response, which included working closely with forensic consultants to investigate, contain, and eradicate the incident, as well as to confirm the security of our network environment. We also notified federal law enforcement authorities of the incident, reset all passwords, and implemented additional security measures to help protect the privacy of information stored on our systems.

To help relieve concerns and restore confidence following this incident, we have arranged for you to enroll, at no cost to you, in comprehensive credit monitoring and identity protection services for [REDACTED] months through Equifax®, one of the three nationwide credit reporting companies. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer’s identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com ⁴The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Free Credit Report. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the nationwide credit reporting agencies. To order your annual free credit report please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's (FTC) website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. Contact information for the national credit reporting agencies for the purpose of requesting a copy of your credit report and other general inquiries is provided below:

Fraud Alert. You have the right to place an initial or extended "fraud alert" on your file at no cost by contacting any of the nationwide credit reporting agencies. Contact information for the national credit reporting agencies for the purposes of placing a fraud alert on your file is provided below. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert displayed on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. For this reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. If you are a victim of identity theft and have filed an identity theft report with law enforcement, you may want to consider placing an extended fraud alert, which lasts for 7 years, on your credit file.

Security Freeze. You have the right to place, lift, or remove a "security freeze" on your credit report, free of charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze. You must place your request for a freeze separately with each of the consumer reporting agencies. To place a security freeze on your credit report, you may do so by contacting each of the consumer reporting agencies through the contact information below:

- **Equifax**, PO Box 105788, Atlanta, GA 30348-5788, www.equifax.com/personal/credit-report-services/credit-freeze, 1-800-298-0045
- **Experian**, PO Box 9554, Allen, TX 75013, www.experian.com/freeze/center.html, 1-888-397-3742
- **TransUnion**, PO Box 160, Woodlyn, PA 19094, www.transunion.com/credit-freeze, 1-888-909-8872
- **Innovis**, PO Box 26, Pittsburgh, PA 15230-0026, www.innovis.com/personal/securityFreeze, 1-800-540-2505

In order to request a security freeze, you will need to provide some or all of the following information to the credit reporting agency, depending on whether you do so online, by phone, or by mail (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past 5 years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have 1 business day after receiving your request by toll-free telephone or secure electronic means, or up to 3 business days after receiving your request by mail, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within 5 business days and may provide you with a unique personal identification number (PIN) or password (or both) that can be used by you to authorize the removal or lifting of the security freeze. It is important to maintain this PIN/password in a secure place, as you will need it to lift or remove the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, or to lift a security freeze for a specified period of time, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to the credit reporting agencies and include proper identification (name, address, and Social Security number) and the PIN or password provided to you when you placed the security freeze as well as the identity of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have 1 business day after receiving your request by toll-free telephone or secure electronic means, or 3 business days after receiving your request by mail, to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to each of the credit bureaus and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have 1 business day after receiving your request by toll-free telephone or secure electronic means, or 3 business days after receiving your request by mail, to remove the security freeze.
