Re: Cybersecurity Incident Involving Medical Center Barbour.

Dear Attorney General Brown:

Wilson Elser Moskowitz Edelman and Dicker LLP (“Wilson Elser”) represents Medical Center Barbour (“MCB”), with a healthcare company located at 820 W Washington St., Eufaula, AL 36027, with respect to a recent cybersecurity incident that was first discovered by MCB on October 29, 2023, (hereinafter, the “Incident”). MCB takes the security and privacy of the information in its control very seriously, and has taken steps to prevent a similar incident from occurring in the future.

This letter is supplemental to the MCB’s August 22, 2024, Incident notification letter. This letter will serve to update you regarding the nature of the Incident, what information may have been compromised, the number of Maryland residents being notified, and the steps that MCB has taken in response to the Incident. We have also included with this letter a sample of the notification made to the potentially impacted individuals, which includes an offer of free credit monitoring services. By providing this notice, MCB does not waive any rights or defenses regarding the applicability of Maryland law, the applicability of the Maryland data event notification statute, or personal jurisdiction.

1. Nature of the Incident

On October 29, 2023, MCB detected suspicious activity in its network environment. Upon discovery of this incident, MCB promptly took steps to secure its network and engaged a specialized cybersecurity firm to investigate the nature and scope of the incident. The investigation concluded on December 8, 2023. As a result of the investigation, MCB learned that an unauthorized actor accessed certain files and data stored within our network.

Upon learning this in December of 2023, MCB began an internal review of the data stored on the server at the time of this incident. After MCB’s own review, on May 21, 2024, MCB engaged a reputable data mining vendor, to assist in the time-consuming and detailed reconstruction and review of the data stored on the server at the time of this incident to better understand whose information was affected. On July 31, 2024, the data mining vendor identified persons whose sensitive data was included within the impacted data. On August 22, 2024, MCB provided notice of the incident on its website. On September 12, 2024, MCB identified additional persons whose sensitive data was included within the impacted data. The following types of information may have been impacted: Name, date of birth, address, health insurance information, and medical information as well as some Social Security numbers, passport numbers, biometric

information, financial information, and driver's license numbers. The type of information at issue varies for each person.

2. Number of Maryland residents affected.

A new total of 12 Maryland residents may have been potentially affected by this incident. Notification letters were sent to potentially impacted individuals on August 22, 2024, and September 30, 2024, by first class mail. A sample copy of the notification letter is included with this letter under **Exhibit A**.

3. Steps taken in response to the Incident.

MCB is committed to ensuring the security and privacy of all personal information in its control and is taking steps to prevent a similar incident from occurring in the future. Upon discovery of the Incident, MCB moved quickly to investigate and respond to the Incident, assessed the security of its systems, and notified the potentially affected individuals. Specifically, MCB engaged a specialized cybersecurity firm to conduct a forensic investigation to determine the nature and scope of the Incident. MCB informed our law firm and began identifying the potentially affected individuals in preparation for notice.

Although MCB is not aware of any actual or attempted misuse of the affected personal information, MCB offered 12 months of complimentary credit monitoring and identity theft restoration services. As part of its ongoing commitment to the security of information, MCB is reviewing and enhancing its existing policies and procedures related to data privacy to reduce the likelihood of a similar future event.

4. Contact information

MCB remains dedicated to protecting the sensitive information in its control. If you have any questions or need additional information, please do not hesitate to contact me at anjali.das@wilsonelser.com or 312.821.6164.

Very truly yours,

Wilson Elser Moskowitz Edelman & Dicker LLP

Dear [REDACTED]:

Medical Center Barbour (“MCB”) is writing to inform you of a recent data security incident that may have resulted in unauthorized access to your sensitive personal information. We are providing you with details about the incident, steps we are taking in response, and resources available to help you protect against the potential misuse of your data. MCB takes the protection and proper use of your personal information very seriously, and we sincerely apologize for any inconvenience this may cause.

What Happened?

On October 29, 2023, MCB detected suspicious activity in its network environment. Upon discovery of this incident, MCB promptly took steps to secure its network and engaged a specialized cybersecurity firm to investigate the nature and scope of the incident. The investigation concluded on December 8, 2023. As a result of the investigation, MCB learned that an unauthorized actor accessed certain files and data stored within our network.

Upon learning this in December of 2023, MCB began an internal review of the data stored on the server at the time of this incident. After our own review, on May 21, 2024, MCB engaged a reputable data mining vendor, to assist in the time-consuming and detailed reconstruction and review of the data stored on the server at the time of this incident to better understand whose information was affected. On July 31, 2024, the data mining vendor identified persons whose sensitive data was included within the impacted data. On August 22, 2024, MCB provided notice of the incident on its website. On September 12, 2024, MCB identified additional persons whose sensitive data was included within the impacted data. Because information related to you was disclosed, we are notifying you out of full transparency.

What Information Was Involved?

The following data was potentially accessed and acquired by a person not authorized to view them: Date of Birth, Medical Information and Health Insurance Information.

What We Are Doing?

Data security is one of our highest priorities. Upon detecting this incident, we moved quickly to initiate an investigation, which included retaining a leading forensic investigation firm who assisted in conducting an investigation and confirming the security of our network environment. We also deployed additional monitoring tools and will continue to enhance the security of our systems. We take the protection and proper use of personal information very seriously.

As part of our ongoing commitment to information privacy and the security of information, we are notifying you of this incident, and we are providing you with access to **Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score** services at no charge. These services provide you with alerts for twelve (12) months from the date of enrollment when changes occur to your credit file. This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout, a TransUnion company specializing in fraud assistance and remediation services.

What You Can Do

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious or unauthorized activity. Additionally, security experts suggest that you contact your financial institution and all major credit bureaus to inform them of such a breach and then take whatever steps are recommended to protect your interests, including the possible placement of a fraud alert on your credit file. Please review the enclosed *Additional Information* to learn more about how to protect against the possibility of information misuse.

To enroll in Credit Monitoring services at no charge, please log on to <https://bfs.cyberscout.com/activate> and follow the instructions provided. When prompted please provide the following unique code to receive services: [REDACTED]. Please note that the code is case-sensitive and will need to be entered as it appears.

In order for you to receive the monitoring services described above, you must enroll within 90 days from the date of this letter. The enrollment requires an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Once enrolled you will have twelve (12) months of monitoring services. At the end of twelve (12) months, the services will be deactivated. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

For More Information

Representatives are available for 90 days from the date of this letter, to assist you with questions regarding this incident, between the hours of 8:00 a.m. to 8:00 p.m. Eastern time, Monday through Friday, excluding holidays. Please call the help line 1-833-531-0168 and supply the fraud specialist with the unique code listed above. The call center representatives have been fully versed in the incident and can answer questions or concerns you may have regarding the protection of your personal information.

Additional Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 1-800-349-9960 https://www.equifax.com/personal/credit-report-services/credit-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 1-888-397-3742 www.experian.com/freeze/center.html	TransUnion Security Freeze P.O. Box 160 Woodlyn, PA 19094 1-888-909-8872 www.transunion.com/credit-freeze
---	---	--

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (<https://www.transunion.com/fraud-alerts>); or
- Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report suspected incidents of identity theft to local law enforcement or to the Attorney General.
