RE: Data Incident Notification

To Whom It May Concern:

We serve as counsel for PD-RX Pharmaceuticals, Inc. ("PD-RX") located at 727 N Arbor Avenue, Oklahoma City, OK 73127. We write to provide notification of a recent data security incident. By providing this notice, PD-RX does not waive any rights or defenses under Maryland state law, including the data breach notification statute.

On September 26, 2024, PD-RX discovered it was victimized by a sophisticated ransomware attack. Upon discovery, PD-RX immediately began working with its I.T. team and third-party forensic specialists to secure the network, restore its system to full operability, and investigate the full nature and scope of the incident. PD-RX also reported this incident to federal law enforcement. Through the investigation, it was determined that certain PD-RX data, kept in the normal course of business, may have been subject to unauthorized access during the attack. PD-RX then immediately began a thorough review of the potentially impacted files to identify what type of information was contained therein, and to whom that information belonged. Through this review, PD-RX learned that certain former and current employee data may have been impacted. The comprehensive review process was completed on October 15, 2024.

At that time, PD-RX determined that information related to one (1) Maryland resident may have been subject to unauthorized access. The information believed to potentially be at risk may include a first and last name, in combination with a Social Security number.

On October 18, 2024, PD-RX sent written notice of this incident to the potentially impacted Maryland resident pursuant to Maryland state law. The notice letter included an offer of complimentary credit monitoring and identity protection services for twelve (12) months. The notice letter sent to individuals is substantially similar to the letter attached hereto as **Exhibit "A."**

Please contact me should you have any questions.

Very truly yours,

Caitlin Lawlor, Esq.

In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

ADDITIONAL ACTIONS TO HELP PROTECT YOUR INFORMATION

Monitor Your Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports/account statements for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver’s license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
