Re: Regional Care, Inc. - Security Breach Notification

Dear Mr. Brown:

McDonald Hopkins PLC represents Regional Care, Inc. (located at 905 W 27th St., Scottsbluff, NE 69361). I am writing to provide notification of an incident at Regional Care, Inc. that may affect the security of personal information of Maryland residents. By providing this notice, Regional Care, Inc. does not waive any rights or defenses regarding the applicability of Maryland law or personal jurisdiction.

On or around September 18 2024, Regional Care became aware of suspicious activity on its systems involving a potential ransom incident. Upon identifying the activity, Regional Care acted quickly to contain the threat, investigate, and ensure the security of its systems with the assistance of third-party forensic specialists. The investigation revealed that an unauthorized actor potentially gained accessed and/or acquired a limited number of files from its computer systems. After an extensive forensic investigation and review, Regional Care discovered that certain personal information of 986 Maryland residents was included within the files that were subject to unauthorized access or acquisition as a result of the incident. Further, on November 8, 2024, Regional Care located the most recent contact information for these individuals.

The personal information contained within the impacted data included first and last name, health information, health insurance information, and social security number.

Regional Care has no evidence of financial fraud or identity theft related to this data. Nevertheless, out of an abundance of caution, Regional Care wanted to inform you (and the affected residents) of the incident and to explain the steps that it is taking to help safeguard the affected residents against identity fraud. Regional Care is providing the affected residents with notification of this incident, commencing on or about December 16, 2024. The notice will be in substantially the same form as the letter attached hereto. Regional Care is also offering the affected residents whose Social Security number was potentially impacted by the incident with

complimentary one-year membership with a credit monitoring service. Regional Care is advising the affected residents to always remain vigilant in reviewing financial account statements, explanation of benefits statements, and credit reports for fraudulent or irregular activity on a regular basis. Regional Care is also advising the affected residents about the process for placing a fraud alert and/or security freeze on their credit files and obtaining free credit reports. Additionally, the affected residents are being provided with the contact information for the consumer reporting agencies and the Federal Trade Commission.

At Regional Care, protecting the privacy of personal information is a top priority. Regional Care is committed to maintaining the privacy of personal information in its possession and has taken many precautions to safeguard it. Regional Care continually evaluates and modifies its practices to enhance the security and privacy of the personal information it maintains.

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary credit monitoring services, we recommend that you place an initial one-year “Fraud Alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

3. Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “Security Freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348-5788
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>
(888) 298-0045

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013

(888) 397-3742

TransUnion Security Freeze

P.O. Box 160
Woodlyn, PA 19094
<https://www.transunion.com/credit-freeze>
(888) 909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one (1) free credit report every twelve (12) months from each of the above three (3) major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

6. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.
