Re: Notice of Data Security Incident

Dear Attorney General Brown:

Constangy, Brooks, Smith & Prophete, LLP represents a Pennsylvania-based independent financial advisor with securities offered through Cambridge Investment Research, Inc. in connection with a recent data security incident described in greater detail below. The purpose of this letter is to notify you of the incident in accordance with Maryland's data breach notification statute.

Nature of the Security Incident

On October 1, 2024, the financial advisor became aware of suspicious activity in the email environment. In response, the advisor immediately took steps to secure its environment and launched an investigation to determine whether sensitive or personal information may have been accessed or acquired during the incident. As a result of the investigation, it was identified that the contents of one (1) mailbox may have been acquired without authorization between September 24, 2024, and October 1, 2024. The independent advisor then engaged an independent team to conduct a comprehensive review of all data within the affected mailbox, and on December 12, 2024, that review identified that the personal information associated with certain clients may have been affected. The advisor then worked diligently to locate relevant address information and prepare the services being offered, which was completed on December 20, 2024.

The information affected varied between individuals but may have included name, address, date of birth, financial account number, Social Security number, and driver's license or state identification number. Please note that we have no current evidence to suggest misuse or attempted misuse of personal information involved in the incident.

Number of Maryland Residents Involved

On January 9, 2025, the independent financial advisor notified four (4) Maryland residents of this data security incident via U.S. First-Class Mail. A sample copy of the notification letter sent to the impacted individuals is included with this correspondence.

Steps Taken to Address the Incident

In response to the incident, the advisor is providing individuals with information about steps that they can take to help protect their personal information, and, out of an abundance of caution, is also offering individuals complimentary credit monitoring and identity protection services through IDX by Zerofox. This includes 12 months of credit and CyberScan dark web monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. Additionally, to help reduce the risk of a similar future incident, additional technical security measures have been implemented throughout the environment.

Contact Information

The independent financial advisor remains dedicated to protecting the information in their control. If you have any questions or need additional information, please do not hesitate to contact me at LFunk@Constangy.com.

Sincerely,

Laura K. Funk

Re: Notice of Data <<Variable Data 1>>

Dear <<First Name>> <<Last Name>>,

We are writing to inform you of a recent data security incident experienced by an independent financial advisor with securities offered through Cambridge Investment Research, Inc. that may have involved your personal information. We take the privacy and security of all information within our possession very seriously. This is why we are notifying you of the incident, providing you with steps you can take to help protect your personal information, and offering you the opportunity to enroll in complimentary credit monitoring and identity protection services.

What Happened. On or around October 1, 2024, we became aware of suspicious activity associated with a financial advisor's email account. We immediately took steps to ensure the security of our email tenant and launched an investigation to determine what happened and whether sensitive or personal information may have been accessed or acquired during the incident. As a result of the investigation, we identified that the contents of one financial advisor's mailbox may have been acquired without authorization between September 24, 2024, and October 1, 2024. We then engaged an independent team to conduct a comprehensive review of all potentially affected data within the mailbox, and on December 12, 2024, that review determined that the personal information associated with certain clients associated with the financial advisor may have been affected. We then worked diligently to identify up-to-date address information to effectuate notification and prepare the services being offered to affected individuals, as provided in more detail below. This process was completed on December 20, 2024.

What Information Was Involved. The information involved may have included your name, <<Variable Data 2>>. **Please note that we have no current evidence to suggest the misuse or attempted misuse of your personal information.** Nonetheless, out of an abundance of caution, we are notifying you of this incident and offering resources to help you protect your personal information.

What We Are Doing. As soon as we learned of the incident, we took the measures described above and implemented additional security features to reduce the risk of a similar incident occurring in the future. We are also providing you with information about steps you can take to help protect your personal information.

Additionally, we are offering you the opportunity to enroll in credit monitoring and identity protection services through IDX at no cost to you. The IDX services, which are free to you upon enrollment, include <<12/24>> months of credit and CyberScan dark web monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do. Please review this letter carefully, along with the guidance included with this letter about additional steps you can take to protect your information. In addition, we encourage you to enroll in the credit monitoring and identity theft protection services we are offering through IDX at no cost to you. To receive credit monitoring services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

You can enroll in the IDX identity protection services by calling 1-833-903-3648 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9:00 a.m. to 9:00 p.m. Eastern Time. Please note the deadline to enroll is April 9, 2025.

For More Information. If you have questions about the incident, please call IDX at 1-833-903-3648, Monday through Friday from 9:00 a.m. to 9:00 p.m. Eastern Time. IDX representatives are fully versed on this incident and can answer questions you may have regarding the protection of your personal information.

Please accept our sincere apologies and know that we deeply regret any concern or inconvenience that this may cause you.

Sincerely,

Jeffrey D. Kercher

Steps You Can Take to Help Protect Your Personal Information

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the “FTC”).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting www.annualcreditreport.com/, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285
www.equifax.com

Experian

P.O. Box 9532
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion

P.O. Box 2000
Chester, PA 19016
1-833-799-5355
www.transunion.com/get-credit-report

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at www.annualcreditreport.com. For TransUnion: www.transunion.com/fraud-alerts.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement. For TransUnion: www.transunion.com/credit-freeze.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
